25X1 8. [] - JMM) Guy McConnell, Senate Appropriations Committee staff, called to discuss plans for the Director's appearance tomorrow before the Committee. He said the Chairman would like to have all the Subcommittee members present from the beginning (at 2:00 p.m.) to get a review of the NSCIDs before going into the world situation briefing. I said I was sure Mr. Colby would have no objection to reviewing the NSCIDs with the Subcommittee if this was the Chairman's wish but pointed out there was one sensitive matter involving withdrawal from the Reserves which had never been discussed previously with other than Chairman McClellan and Senator Milton Young and I thought it best that this matter be taken up privately with them if the opportunity presented itself. McConnell agreed.

25X1 9. [] - JGO) Met with Ralph Preston, House Appropriations Committee staff, and delivered to him copy number 15 of the "National Intelligence Program" dated 11 July 1973, and the short form Agency budget briefing dated 9 October. I also gave Preston a copy of the Middle East briefing outline and current situation report. With regard to the Agency budget, Preston suggested that if the Director cancels his trip, Tuesday 16 October, would be available for briefing the Special Group on the intelligence community and Agency budgets. After checking the Director's office as to the Director's availability for Tuesday, Preston told me that he will be meeting with the Chairman this evening and will confirm as early as possible tomorrow.

25X1 10. [] - JGO) In a chance meeting with Representative Ogden Reid, he told me he had had a lengthy meeting with the Israeli Ambassador today and is putting out a press release during the afternoon concerning Soviet support to the Arab countries.

25X1 11. [] - JGO) Delivered to Dr. John Brady, House Foreign Affairs Committee staff, a case study for his use in the Far East Narcotics Study in preparation by the Committee.

25X1 14. [] JGO) Met with Robert Boyer and Harry Cromer, House Foreign Affairs Committee staff, concerning the AID bill which may go to conference as early as this weekend. They advised that in their opinion the House will hold to their language concerning foreign police training. The House language which concerns only police training in Vietnam was strongly debated in the House Committee and on the floor. Language was provided for their use in the event it becomes necessary to accept a part or all of the Senate provision which would restrict police training worldwide. See Memo for Record.

25X1 15. [] JGO) Received a call from Mike Van Dusen, House Foreign Affairs Committee staff, concerning a briefing on the [] situation for Chairman Lee Hamilton, Subcommittee on Near East and South Asia, and his Subcommittee. I reminded Van Dusen that Chairman Morgan, of the full Committee, in meeting with Mr. Colby last week, had indicated in part that he wanted to talk to various Subcommittee chairmen before any further Subcommittee briefings. Van Dusen will check with Marion Czarnecki, of the Committee staff, and be back in touch with me.
